800 SALARY

801 SALARY CONDITIONS

- A. Employees shall be paid on a salary basis by direct deposit. Employees may choose to have their salary paid over 10 months or 12 months. Employees shall receive annual written notification of salary, or hourly rate, as applicable.
- B. Annual salary shall be calculated by multiplying the per diem times the number of workdays times the percentage of FTE worked. With prior supervisor approval, employees may work over their number of workdays. Employees shall be paid their full daily per diem for extra days worked.
- C. Each year on July 1, employees shall move one step within their assigned range. An employee whose salary exceeds the range maximum shall be held at the current salary until the salary schedule exceeds current salary. In lieu of a step, effective July 1, 2021, Employees who are on Step V on June 30th of the previous year shall receive an additional 1% base salary increase each year of the Agreement. Employees returning to the same job title from an unpaid leave of more than half of the number of workdays in the work year shall retain the step held previous to the leave.
- D. Service credit shall be earned at the following rates:
 - 5 years through 9 years of service: 1.5% of annual salary
 - 10 years through 19 years of service: 2.25% of annual salary

- 20 years through 29 years of service: 2.75% of annual salary
- 30 plus years of service: 3% of annual salary

Conditions: Service credit payments shall be earned on a fiscal year based upon the employee's full years of service in ACE as of June 30, and as defined in Article 513. To be eligible, ACE employees must complete their full work calendar on or before June 30 of a fiscal year.

Service credit payments shall apply to all wages earned by the employee. Service credit payments will be applied to a fiscal year salary covering the total gross wages earned during the period from July 1 through June 30 of a given fiscal year. Annual service credit payments will normally be paid in July of the following fiscal year.

E. Employees who are recalled from layoff into a lower range shall be placed at the step of the lower range closest in dollars to, but not more than, the step held at layoff. Placement at the higher step in the lower range will continue only so long as the employee remains in that position. If the employee returns to a position in the range held before lay-off, the employee will return to the step held before lay-off, adjusted for any movement secured through bargaining. Any change of assignment between the lowest range held as a result of recall and the position held before lay-off will result in no change in compensation.

Employees who return from long term unpaid leave into a lower range shall be placed according to previous experience, as determined by the Human Resources Department, except as provided in Article 611 A.

F. Employees who are re-classed to positions in higher ranges, or accept a position in a higher range, shall receive a minimum 5% increase in salary.

G. Pay Practices for JROTC Instructors

1. JROTC Instructors shall be contracted for 200 work days between July 1 and June 30 each year.

That amount of annual salary shall be equal to the monthly Minimum Instructor Pay (MIP) required under the District's agreement(s) with the Department of Defense (by appropriate branch), plus a \$4500 addendum. The annual salary for JROTC Instructors shall be projected each year, based upon the actual MIP for the first quarter of the calendar year. The annual salary for newly hired JROTC Instructors will be based on the estimated MIP notice received from the Department of Defense multiplied by the remaining pay periods in the current year.

2. The District shall base the Instructors MIP on 12-months.

~~2.~~ 3. JROTC salaries shall be paid in thirteen (13) payments. Twelve (12) payments will occur monthly and coincide with the District's regular payroll schedule beginning in July; or for the number of months actually employed during the school year. The thirteenth or final payment will be paid as a \$4500 addendum on or before July 15th of the following fiscal year. Any necessary adjustments in annual salary that are necessitated by changes in the Minimum Instructors Pay requirements shall be

reflected in the thirteenth payment. If employment with the District ends prior to the end of the work year, the District reserves the right to retrieve any overpayment and shall submit any under payment.

802 WORKDAYS

Employees shall work the number of days as currently assigned or as established by the District for new positions and amended to this Agreement by Letter of Agreement.

Unless otherwise specified in this Agreement, nothing in this Article shall be construed to prohibit the adjusting of an employee's work schedule or workdays during a pay period to meet the operational needs of the District. If this section is applied, the affected employee's work plan calendar should be adjusted accordingly.

803 OVERTIME ELIGIBLE POSITIONS

Ranges A-D

- A. Employees who occupy position titles in Ranges A-D in Article 807 shall receive overtime when work beyond eight hours in a day or 40 hours in a week is required. Overtime work shall be paid at the rate of one-and-one-half times the regular hourly rate. Overtime work performed on the seventh day of a scheduled workweek shall be paid at two times the regular hourly rate. Work in excess of 12 hours in any continuous work period shall be paid at two times the hourly rate. Overtime hours worked shall be submitted to Payroll in accordance with written Payroll procedures.
- B. Through mutual agreement, employees eligible for overtime may elect to receive compensatory time instead. Compensatory time will be computed in the same manner as overtime. Compensatory time off can be accrued up to 240 hours (not more than 160 hours of actual hours worked). This time must be used by the end of the fiscal year in which it is earned. In lieu of this, the employees' supervisor must report any unused amount that remains on the books to the Payroll Department for payment.
- C. No work beyond the specified shift will be performed without prior written supervisor approval. Employees, who willfully cause the District to incur overtime obligations, without obtaining proper supervisory approval, shall be subject to disciplinary action.
- D. An employee who is notified prior to the end of the regular shift to report early to the next shift, will be paid time and one-half for actual hours worked prior to the start of the regular shift. An employee notified at home to report back to work or prior to starting the next regular shift, will receive compensation at one and one-half times the regular rate of pay for actual hours worked, with a minimum of four hours overtime.
- E. Employees will accurately record time worked in accordance with District procedures.
- F. Leave will be tracked on an hourly basis using the District's leave

recording system. Leave will be submitted on an hourly basis. Documented leave usage records are to be maintained in the District's leave recording system.

- G. All hours worked will be tracked on a daily basis. Time will be reviewed and submitted by the employee in the District's time recording system on a daily basis.

804 OVERTIME INELIGIBLE POSITIONS

- A. Normal workweeks for ACE overtime ineligible positions typically require a minimum of 40 hours, and individuals in these positions are expected to be available during the normal workday to meet the needs of the District. Employees in these overtime ineligible positions are expected to take responsibility for their own schedules and can, on occasion, take time off from work in order to meet personal needs. This time off from work must be approved in advance by the supervisor and must not conflict with District operations. In these situations, a leave slip is not required for absences of less than four (4) hours.

~~B. For each workday, salaried employees are required to "presence punch" or submit paid leave requests according to District procedures.~~

- ~~C.~~B. Employees working less than full-time will not be expected to regularly work hours over their FTE. Duties and responsibilities shall be adjusted to accommodate the assigned FTE.

- ~~D.~~C. Employees may, at any time, request an additional review of their positions, if they believe their positions to be overtime eligible. Additional reviews shall be conducted by an outside consultant, agreed upon by the District and ACE. Any disputes regarding eligibility for overtime shall be determined in accordance with the Fair Labor Standards Act.

805 STANDBY

Standby assignments may be implemented upon agreement between ACE and the District with specific approval of the Superintendent.

806 SPECIAL PROJECTS

- A. Special project agreements may be written for amounts not necessarily related to regular pay rates. Acceptance of such agreements shall be at the employee's option, without recrimination for refusal to accept. These time-specific projects shall be paid by addendum and based on organizational need, project complexity, estimated length of time required to complete project, and qualifying skill factors. Special projects are for duties performed outside of the employee's regular workday.
- B. Addenda in excess of \$5,000 per project shall be negotiated with ACE and agreed to by Letter of Agreement. ACE will respond to any special projects request in a timely manner. A Letter of Agreement is not required for ACE employees who voluntarily elect to coach, perform coaching

duties, act as gym managers, work the KCC third session, or work summer school outside of their normal work. The members shall be paid in the amount as set by the standard District practices.

- C. Overtime eligible employees who accept special project assignments outside of a scheduled shift shall be paid their regular rate of pay or overtime wages as appropriate.

807 CLASSIFICATION PLAN

- A. The District shall maintain a classification system, based upon the principle of like pay for like work. The following criteria shall be used to determine the appropriate classification, to include but not limited to: Education, Knowledge or Know-How; Accountability or Systemic Impact; Problem Solving; Supervisory Authority; Market Factors; and Internal Equity.

The District and ACE shall meet at least quarterly to review LOA's regarding Classification/Job Titles/Work Days.

Reclassification of positions may be submitted through ACE. The District shall convene the Reclassification Committee within thirty (30) calendar days of submission of a reclassification request. The Reclassification Committee shall respond to ACE in writing of the decision of the committee within thirty (30) calendar days.

~~Employees may request a review of classification of their positions in accordance with District procedures.~~

Appendix I

Article I TESTING OBJECTIVES

Section 1. A drug is defined as any substance which may impair mental or motor function, including but not limited to, illegal drugs, controlled substances, designer drugs, synthetic drugs and look-alike drugs.

Section 2. The use of drugs, which are lawfully obtained and properly used, shall be permitted provided their use does not interfere with the individuals proper and safe work performance.

Section 3. The District will provide training of no less than (1) one-hour duration by an entity agreed to by ACE of its supervisors in recognizing the signs and symptoms of drug abuse and an additional one (1) hour training in recognizing the signs and symptoms of alcohol abuse.

Article II PROBABLE SUSPICION, POST-ACCIDENT, AND RANDOM TESTING

Section 1. Probable suspicion means suspicion based on specific personal observations that a District representative can describe the appearance, behavior, speech, and breath odor of the employee. Probable suspicion must be documented at or near the time of observation on the Impaired Behavior Report Form, attached to this Policy. Observation shall be by two (2) supervisors trained in the detection of probable drug use and alcohol misuse by observing behavior. If observation by two (2) supervisors is unfeasible, observation shall be by two (2) individuals, one of whom must be a supervisor trained in the detection of probable drug use and alcohol misuse by observing behavior. Being in an accident does not, in and of itself, constitute cause for testing. Being in an accident may be considered, along with the circumstances of the accident and the supervisor's personal observations of the employee's appearance, behavior, speech, and breath odor, to establish probable suspicion. Probable suspicion will subject the affected employee to testing as outlined in this policy.

Section 2. Employees will be subject to post-accident testing without a finding of probable suspicion only if the employee is involved in an accident as defined in Section 390.5 of the Federal Motor Carrier Safety Regulations and has received a citation for a moving traffic violation in connection with the reportable accident. Urine samples for post-accident drug testing must be obtained within thirty-two (32) hours of the accident. Breath samples must be obtained within eight (8) hours of the accident. An employee who is directed to undergo a post-accident test for drugs and/or alcohol must report for testing as soon as possible after the accident. NOTE: Employees are forbidden to drink alcohol within eight

(8) hours after an accident unless they have already submitted to post-accident testing for the accident, or the District has determined they were not at fault. Employees having a positive test result due to post-accident testing for drugs or alcohol, either with or without probable suspicion, will be terminated.

Section 3. Employees will be subjected to random drug and alcohol testing only to the extent required by applicable federal regulations. Pursuant to current regulations, the District will randomly drug test its employees who are performing functions with a Commercial Drivers License (CDL drivers) as required at an annual rate sufficient to equal 50% of its total number of CDL drivers. The District may choose any reasonable method of randomly selecting employees to be tested, but must retain records regarding the method used and employees selected and must provide that information to ACE upon request.

Pursuant to current regulations, the District will conduct random alcohol testing at any annual rate sufficient to equal 25% of its total number of CDL drivers.

Section 4. An employee consenting to drug testing will be transported to the hospital or laboratory by the District, or at District expense. If alcohol testing on other than a random basis is conducted away from the employee's work site, the employee consenting to alcohol testing will be transported by the District, or at District expense, to the location of such testing. After a non-random test is completed, the employee will be transported by the District, or at District expense, to his/her residence, or if appropriate, back to the workplace.

An employee subjected to random testing shall be paid for all time required for travel to and from testing, and for time at the testing location, regardless of the outcome of the test.

Section 5. If the test results are negative, the employee will immediately be reinstated in his /her previous position with full back pay for any time lost for transportation to testing and awaiting test results, based on the employee's regular work schedule, and no further action will be taken.

Section 6. Should the result be negative for drugs, but positive for alcohol at a level of at least .02, but less than .04, the employee shall be held out of driving for twenty-four (24) hours beginning from the time the test was requested, and shall be required to test at or below the .02 level before returning to duty. The employee shall be assigned to non-driving duties, if possible, during that twenty-four (24) hour period. An employee who has tested at or above the .02 level in a second occasion, shall be subject to the same treatment as an employee testing at or above the .04 level.

Section 7. Should the test results be positive for drugs or positive for alcohol at or above the .04 level, the employee shall not be permitted to return to work until the employee has been evaluated by a Substance Abuse Professional (SAP), approved by ACE and the District. If the SAP recommends treatment that prevents the employee from working, or requires that the employee be held out of service while the treatment is pursued, the employee will be placed on medical leave without pay, except sick leave, vacation, and disability, if available, until the SAP authorizes the employee's return to work. Subsequent reinstatement will be without loss of seniority. Any employee testing positive will be permitted to return to work only if the employee has signed the Agreement for Continuation of Employment, a copy which is attached to this policy.

The District shall be required to apply the rehabilitation provisions of this Agreement to an employee on only one occasion. Positive drug or alcohol tests thereafter may result in immediate termination.

Section 8. Under no circumstances will the District or ACE be informed beyond a negative or positive outcome of any drug or alcohol testing conducted, unless a grievance is filed. In which case, all relevant information regarding the test results, testing methods and chain of custody will be provided to both ACE and the District upon receipt of a release by the employee. If the employee requests the presence of an ACE representative at the time of alcohol breath testing, ACE shall be entitled to observe the testing procedure and observe the result displayed on the breath testing device.

Section 9. Any employee with an alcohol and/or drug dependency problem who identifies themselves prior to a positive substance test, shall be permitted, and is encouraged, to take leave of absence for the purpose of undergoing an approved program for treatment of a dependency problem. The leave of absence must be requested in writing from the District. Leave of absence under this section shall be granted on a one-time basis and shall be for a maximum of thirty (30) days unless extended by mutual agreement of the District, the

employee and ACE. The District shall notify ACE of any leaves of absence applied for under this provision.

Article III CONSENT PROCEDURES

Section 1. The District shall inform the employee that he/she is subject to testing and will state whether the testing is probable suspicion, post-accident, or random testing.

Section 2. If the testing is for probable suspicion, the District shall give the employee a copy of the Impaired Behavior Report prepared pursuant to Article II, Section 1. Both of the observing witnesses shall complete an Impaired Behavior Report form. An ACE representative shall not be required to complete the form. In completing the Impaired Behavior Report form, the witnesses shall be as accurate and detailed as possible recording their observations of the employee's behavior which lead to their decision to require a test. The District shall explain that because of the observation of the employee's behavior, it is necessary to verify the employee's physical capability at that point in time.

Section 3. In each and every case the District shall read the applicable Drug Screen Consent form and/or Breath Alcohol Testing Consent form to the employee prior to obtaining the employee's signature authorizing the test and release of positive or negative test results. No changes are to be made on the Consent forms.

If the employee refuses to take the test promptly or sign the requested Consent form the District shall:

1. Make it clear to the employee that the request to sign the form and take the test is a direct order.
2. Ask the employee if he/she understands the order. If the employee responds that he/she does not understand the order, the supervisor shall explain the order again.
3. Explain to the employee that failure to comply with the order will result in the employee being treated as having tested positive for the substance or substances for which testing was requested, and will subject the employee to being taken out of service and subjected to employee evaluation pursuant to Article II, Section 7.

Section 4. The District shall use best efforts to immediately notify ACE if the employee requests the presence of an ACE representative at the time of the urine collection or breath testing, or at the time of the request for testing. Urine collection and breath testing shall be delayed no more than one (1) hour from the time of the first request in order to permit an ACE representative to reach the location.

Article IV TESTING PROCEDURES

Section 1. Both drug and alcohol testing will be exclusively by the procedures proved in 48 CFR, Part 40

Section 2. For drug testing, the specimen collection facility testing laboratory shall follow the split sample procedure in 49 CFR 40.25(f) (10) (ii).

Section 3. The District shall utilize a Medical Review Officer (MRO) as required by the DOT procedures. The District shall, upon request, provide ACE with the identity of the MRO, and with evidence of the MRO's training in substance abuse diagnosis and treatment.

Section 4. In the event of a positive drug test result, the MRO shall notify the employee of the employee's rights to have the MRO direct a retest of the split specimen at another DHHS certified laboratory. If such second test does not confirm the presence of the drug metabolites found in the primary specimen, the MRO shall cancel the test, as required by 49 CFR 40.33(f).

Section 5. Testing not performed in compliance with this Policy and with applicable DOT/FHWA regulations shall not constitute a valid basis for discipline. An employee shall have the right to use the grievance/arbitration procedure to challenge any aspect of the testing procedures.

Section 6. Any employee who successfully challenges a positive test result shall be reimbursed for reasonable costs associated with challenging the test.

Section 7. The District reserves the right to require additional safeguards that serve the best interests of the employee or the Program, subject to the agreement of ACE.

Article V HOLD HARMLESS

The District shall indemnify and hold ACE harmless against any and all claims, demands, suits or liabilities that may arise out of the District's application of this Substance Abuse Program.

Article VI MANDATED FEDERAL REQUIREMENTS

The District shall conduct alcohol and drug testing only to the extent required by federal or state statutes, regulations or rules. Should the federal or state government require more extensive testing than is covered by the policy, the District will negotiate with ACE prior to the implementation of any such testing, and if such testing is implemented, shall apply the provisions of Article II, Section 6 and 7.

AGREEMENT FOR CONTINUATION OF EMPLOYMENT

This Agreement is entered into by and between the Anchorage School District (District), Anchorage Council of Education/AFT Local 4425 represented by Alaska Public Employees Association (ACE) and _____(Employee). The District is committed to providing channels of assistance for employees seeking rehabilitation. However, the Employee seeking rehabilitation must be committed in their efforts to remain drug and/or alcohol free. Therefore, as part of the Employee's commitment to remain free of drug and/or alcohol use it is understood that the Employee's continuation of employment by the District is based upon and constrained by the following terms:

1. The Employee must submit to evaluation of potential drug or alcohol problems by a recognized and certified Substance Abuse Professional (SAP) selected from the attached list or agreed to by ACE and the District. This evaluation should be completed within one week from the date of this document.
2. The Employee must agree to participate in all rehabilitation treatment recommended by the SAP.
3. The Employee must authorize the SAP to provide a copy of the SAP's recommendation to the District.
4. The employee may return to driving duties only when the SAP concludes that the Employee is in compliance with the SAP's treatment recommendations, if any, and the Employee has tested negative for alcohol and/or drugs, as required by the SAP.
5. The SAP will closely monitor the Employee's compliance with the SAP's recommendations. Failure of the Employee to adhere to the program of treatment recommended by the SAP will subject the Employee to disciplinary action by the District, up to and including discharge.
6. The Employee, the District and ACE mutually agree that the Employee's continuation of employment for the next twelve (12) months or during the term of any recommended treatment, should it extend beyond twelve (12) months, is contingent upon the Employee's satisfactorily meeting all the terms outlined in this Agreement, and that failure to do so may subject the Employee to immediate discipline up to and including discharge.
7. During the twelve (12) month period or such period of rehabilitation treatment as outlined by the SAP, should it be longer, the District will test the Employee for alcohol and/or drug use, as directed by the SAP, on an unannounced basis. There shall be no more than six (6) such unannounced tests for alcohol during this period, unless the SAP specifically recommends a higher number. Unannounced tests for drugs shall not exceed four (4) such unannounced tests during this twelve (12) month period. However, such unannounced tests are in addition to any tests that may be necessitated on a reasonable suspicion or random basis as part of the District's Substance Abuse Program or any tests performed by the treatment center as part of its program to monitor compliance with its treatment program. The employee will be subject to disciplinary action up to and including discharge if the Employee refuses to submit to testing or if the Employee tests positive for drugs or alcohol during this period.

8. If the Employee successfully completes treatment, and has no positive drug and/or alcohol tests within twelve (12) months, the initial positive test shall not be used in any future discipline or personnel action unless it relates to substance abuse.

At the District's discretion, the Employee understands that if the Employee does not meet the above terms of the Agreement, in lieu of discipline and/or termination, the District may require the Employee to submit to in-patient care for rehabilitation and to agree to renewal of this Agreement for an additional twelve (12) month period thereafter.

This Agreement is voluntarily entered into by all parties in consideration for continuation of the Employee's employment with the District.
